### MR. BRYAN ISSUES A STATEMENT.

Will Serve Willingly in Private Capacity.

Expresses His Appreciation for Devotion Shown.

Lincoln, Neb., Nov. 5.—William J. Bryan today issued the following statement:

"The election has gone against us by a decisive majority. The returns are not all in, and it is impossible at the present time to analyze them or to say what causes contributed most to the Republican victory. We made our fight upon a platform which embodied what we believed to be good for the American people, but it is for the people themselves to decide what laws they desire and what methods of government they prefer. I have faith that the public which we asked for will yet commend itself to the American people; that the election of Senators by the people will be secured; that the inequities of trusts will arouse an opposition that will result in the elimination of the principle of private monopoly. I am confident that the people will see the necessity for the labor legislation and the tariff reduction which our platform demanded.

STILL HOPES FOR HIS REFORMS.

"I am confident, too, that the educational work done in this campaign will result in securing greater protection to bank depositors. The above are the most prominent reforms for which we labored, and I believe that these reforms will yet come, together with more effective regulation of railroads and independence for the Philippines.

"Words will not express my gratitude for the devotion which has been shown by millions of Democrats during the past twelve years. Neither am I able to adequately express my appreciation for the kind words which have been spoken since the election. If I could regard the defeat as purely a personal one, I would consider it a blessing rather than a misfortune, for I am relieved of the burdens and responsibilities of an office that is attractive only in proportion as it gives an opportunity to render a larger public service.

WILL SERVE AS A PRIVATE.

"But I shall serve as willingly

in a private capacity as in a public one. God does not require great things of us; he only requires that we improve the opportunities that are presented, and I shall be glad to improve the opportunities for service presented by private life.

"In this hour of national defeat I find some consolation in the cordial support given by my neighbors, by the citizens of Lincoln and by the people of the State of Nebraska. With a Democratic Governor and a Democratic Legislature, we shall be able to put into practice so much of the Denver platform as relates to State legislation, and I trust that our State will set an example that will be an influence for good in the nation."

**Bryan Congratulates Taft.**

Lincoln, Neb., Nov. 5.—W. J. Bryan today sent the following telegram to President-elect Taft.

"Honorable William H. Taft, Cincinnati, O.: Please accept congratulations and best wishes for the success of your administration."

**Keeps Them Safe.**

J. Frank Wyatt, Fredonia, Ky., says: "I never have less than four hundred dogs. My neighbors have said all around me. I have been doing much with fourteen Hog Cholera Remedies and it has kept them safe from disease."

**Killed and Wounded—Fatal Fight at Campton Junction.**

In a fight at Campton Junction, Wolfe county, on Monday, November 2, Islow Allen, aged about 20, was shot and killed.

Alvin Garver, aged 22, was seriously injured and Clarence Sherman, who shot both men, was wounded in the head by Garver.

About six months ago, during a fight between Garver and Sherman, the latter was shot through the breast.

"I have been somewhat costive, but Don's Regulants gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 206 Walnut Ave., Altoona, Pa. (Im)

**One Year in Jail.**

At Covington, Ky., one year in the Newport jail for defending the Government was given to Jas. Taylor, Newport mail carrier, by Federal Judge Cochran. Taylor pleaded guilty to using three twenty-cent stamps that had been cancelled.

### THREATENED

By Night Riders—Gov. Patterson, of Tennessee, Receives Letters.

The stand made by Gov. Patterson at Nashville, Tenn., in his attempt to suppress the night rider outrages perpetrated in Lake county and in other sections in the State has resulted in several anonymous and threatening letters being brought into the office of Tennessee's chief executive. Gov. Patterson paid little attention to the missives.

### Drill Prevents Panic.

Chicago, Nov. 5. The discipline of the fire drill prevented a panic among 120 school children today, when fire attacked the school at Robey street. At the alarm the children made their escape quickly and in good order.

### PIE DISTRIBUTOR

Taft Not Inclined To Be Worried By Patronage.

A Washington special says: Frank Hitchcock, chairman of the Republican National Committee, will be the principal factor in the distribution of patronage for the incoming Administration. This will be especially true in the South, in which section the President will leave him with a free hand. Hitchcock is slated for the postmaster generalship and will be in complete charge of the four years' campaign leading up to the re-election of Secretary Taft.

### LOOSE LEAF TOBACCO SALES.

American Tobacco Company the Highest Bidder.

The first auction sales for the tobacco crop of 1908 opened at the Lexington warehouses Thursday. About 110,000 pounds were sold at the three warehouses at an average of about \$17.50 per hundred, an advance of between two and three dollars over the best prices realized last year.

The highest price was gotten for 300 pounds sold at the Shellmure warehouse from Madison county for \$22 per hundred.

A lot of 600 pounds sold by Stivers, Gearty & Hawkins brought \$22 per hundred. This was from Madison county.

The best price at the Burley house was for 285 pounds belonging to L. S. Johnston at \$19.50 per hundred. Mr. Johnston raised this year about 60,000 pounds of tobacco on his farm in Woodford county and guarded it from the time the seed was planted until the crop was hauled to this city, many armed men and a number of boys being employed in the guard duty.

The lowest price received was \$10.50.

**Prison Stripes—High Financier Found Guilty.**

In New York Charles W. Morse, a dominant factor in finance, and Alfred H. Curtis, former president of the National Bank of North America, were found guilty in the United States Circuit Court, on charges of misapplication of funds and falsifying the books of the bank.

Judge Hough committed the bankers to the Tombs prison.

The Federal statutes provide a minimum penalty of five years' imprisonment for falsifying the books of a bank, and a penalty of two years' imprisonment for misapplication of funds. No alternative is provided for conviction.

### LITTLE TOBACCO

### IN POOL

Tobacco Held by Burley Society About Sold.

About 65,000 Hogheads Left of 1907 Crop and About 6,500 Pounds of 1906 Output.

It is more than probable that the Burley Tobacco Society will have soon disposed of its entire holdings of the 1906 and 1907 crops. A report says there are already on file orders for 65,000 hogheads of the 1907 crop, and that about 6,500 hogheads of the 1906 crop remain unsold. The proposed plan is to ask each buyer of 100 hogheads or over of the 1907 crop to take ten per cent. of his purchase in the 1906 crop. It is understood that several of the firms that have filed orders for the 1907 crop have indicated their willingness to accept ten per cent. of their order in 1906 crop, so it seems likely that by this method the last of the pooled crop of 1906 will soon be wiped out and also the 1907 crop, for as far as can be estimated there will be only about 65,000 hogheads of the 1907 crop in the pool, and if the orders already received are accepted there will be nothing left of both crops.

There is no question that a big crop will be raised next year. If the Society declares against a crop in 1909 it is known that many farmers who obeyed the injunction in 1908 and did not raise a crop will disobey the order and put in a crop.

Many tenants are compelled to raise tobacco. For years they and their families have raised tobacco. Many of them do not know anything else. No other crop can be raised in this section that can produce as much money for these tenants as tobacco. Last winter many of these tenants in Fayette county removed from the county into the city, and all winter long were anxious to do any sort of work that turned up, or that they could find, in order to provide the bare necessities of life for themselves and their families. This same situation was also the case in other counties in the Burley district, it is claimed.—Lexington Leader.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cleanest, most potent ever devised. A household remedy in America for 24 years.

**"Frazzle" Stumps Britons.**

London, Nov. 5.—The telephone operators in new-quarter offices were busy all day Tuesday answering inquiries as to the meaning of the word "frazzle," employed by President Roosevelt in his election.

"We have got them beaten to a frazzle," Englishmen searched the dictionaries in vain for the word and finally appealed to Americans to translate the President's Americanness.

**Fifty Dollar Turkey.**

"Mrs. Laura Gill, Utes, Ky., says: 'I did not get the London Turkey Cure in time to save my \$50 quail but I have a fine flock of turkeys. I want to use it, so I have found it is a great remedy.'"

Sold by W. S. Lloyd.

Several commercial bodies of the Southern cities have extended invitations to Judge Taft to spend the winter in their cities. Mobile has placed a suite of rooms in its new hotel at his disposal and Atlanta wishes him to attend a banquet.

**Business Men's Tour.**

Thirty Chicago business men visited Paducah Monday on the way South.

### TO HELP MANY.

Druggists Here in Town Say They Can Supply the Ingredients or Make Up the Mixture.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected so that the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended.

It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless. 17-31

### HANGS DECEMBER 10

Dave Edwards, of Breathitt County, Killed J. W. Daniels, a Contractor in Tennessee.

News comes from Chattanooga, Tenn., that Dave Edwards, the former Breathitt county man, charged with the murder of J. W. Daniels, a contractor, has been sentenced to be hanged by the Supreme Court of Tennessee on December 10.

He has given signs of either being crazy or extremely mean and wilful, but succeeded in impressing the Supreme Court more with his bad character than his unsound mind.

When the court passed sentence on Edwards he thanked the court, declaring he was only sorry that it hadn't been done sooner.

Hearst, National chairman of the Independence party, replied to the charge used by Democratic National Chairman Mack that Mr. Hearst had organized a new party to obtain revenge upon Mr. Bryan for the latter's failure to aid Hearst in his Presidential aspirations of four years ago. ALL HOT FOR SALT RIVER.

Br'an and kerns latest ordered to sail for salt river as quick as she  
can get a supply. The latest dispatches from the Chesnut and ginseng  
powers brings and news of the destruction of Admiral Davis' fleet by  
Admiral Langley's torpedo boats. It was a hard battle between the  
two opposing parties for awhile, and it began to look like Admiral Davis  
was so far ahead of Admiral Langley in number that nothing could up-  
set his apple cart, so Admiral Langley tucked a invoice of his army, and  
finding it might be a little short he ups and turns around and never  
stopped until he had recreated a bigger army than Davis was able to  
gilt in the possion destriet, so the fleets cum together on the 3rd and a  
few shells was exchanged, in which Admiral Langley's proved to be  
the most dangier by disabbling Admiral Davis' battle ships and up-  
setting all his colley kittles. It puzels me and Jane both how these Rep-

## SOCIETY OF SOUL WINNERS.

Work Accomplished in Ten Years.

On Sunday evening Rev. E. O.  
Guerrant lectured at the Presby-  
terian Church on the work accom-  
plished by the Society of Soul  
Winners, of which he is president.  
The pastors of all the other  
churches had dismissed their con-  
gregations and a union service  
was held. A large audience heard  
with pleasure and we trust with  
new resolves this man well known  
and beloved who is doing so much  
for the people whom his society  
reaches. A leaflet covers many  
facts he presented, so we quote it:

"BEHOLD WHAT GOD HATH  
WROUGHT."

"Ten years ago, a little company  
of Christians determined by God's  
help to send the Gospel to the  
thousands of our own countrymen  
living in the 'regions beyond'  
churches and preachers among the  
fastnesses of the Alleghany and  
Cumberland mountains. For more  
than a hundred years, they have  
been passed by and left to perish  
without the Gospel or the means  
of getting it. Tens of thousands  
of them have never seen a church  
or heard a sermon they could un-  
derstand.

"As no single church was able  
nor willing to undertake the great  
work of evangelizing some four  
millions of Highlanders, inhabit-  
ing a region as large as the Ger-  
man Empire, an appeal was made  
to all who loved God and their  
fellow men.

"At first only one evangelist  
was sent forth and \$360 provided  
for his salary. During the year  
nine men labored among the Ken-  
tucky Canablands, Drs. Bel-  
linger, Saunders, Guerrant, and  
Messrs. Allen, Crockett, Farnes-  
worth, Johnson, Mason and  
Moore. Only \$692.24 were raised  
for the work. 200 persons made  
public profession of faith, 500  
schools gathered in Sabbath  
schools and one church built.

"That was no humble beginning,  
but God was behind it, and He is  
Almighty.

"With only His promise to rely  
on, and no Agency or Constitu-  
ency to appeal to, this work of  
faith has grown from year to year,  
until, in its tenth year, the follow-  
ing results were obtained:

"50 missionaries, who made 10,  
510 visits to the homes of the poor,  
held 5,281 public services, received  
1,374 professions of Christ, taught  
175 Bible schools, with 6,250 pu-  
pils, distributed 679 Bibles and  
testaments, and over 200,000 tracts,  
built ten houses for churches and  
schools and mannes received \$14,  
233.41 and not a single collection  
was taken in any church, and not  
a missionary sent to any town or  
place where the Gospel was regu-  
larly preached. They went to the  
'lost sleep' in the desolate moun-  
tains of Virginia, North Carolina,  
Tennessee and Kentucky, among  
the lardy sons of the Scotch-Irish  
and Anglo-Saxon and Huguenot  
pioneers of the country, the most  
American of all Americans.

"The ten years work of this In-  
land Mission closed this year, and  
the results show how God sees the  
weak things of this world to ac-  
complish His great purposes.

"In these ten years, 362 mis-  
sionaries have labored exclusively  
in these wild mountains. They  
made 51,000 visits, held over 22,  
046 public services at 10,029  
places, had 6,304 confessions,  
taught 879 Bible schools, with  
29,436 pupils, distributed over 250  
boxes and barrels of clothing  
among the poor and distributed  
over 10,000 Bibles and testaments  
and 125,000 tracts, built 56  
churches, school and mission  
houses, including three colleges.

"All this work was done among  
the destitute people in the remote  
mountains of our own country,  
who are without the blessings of  
education and religion.

"For this cause God sent by the  
hands of His wise and liberal  
children all over the world, the  
sum of \$96,462.95 which supported  
every worker, and built every  
house without a dollar of debt.  
To Him be all the glory.

"Have you a part in this work  
and its reward?"

# Straight Talk About Clothes

If ever there was a time that the men of the grand Old Commonwealth of Kentucky should use judgment in their clothes buying, it certainly is now. Every man today doing business for himself is especially endowed with that great power of decision. Let no man use this power for you, nor tamper with you by trying to commit you by promises that may lead to a personal loss to your appearance or your pocket book. We ask for no promises. We don't say you ought to buy from us just because it's us. We have established a store here in your county seat second to none in the State. Our purchasing power has reached a point that enables us to control certain lines and buy them for less money than other stores. The school of business teaches a lesson that follows; buy for less, sell for less, and this we do.

The great Suits and Overcoats named in this "ad" are an example of this lesson at the low price of

**\$10**

We are showing 200 pure all-wool Suits that are absolutely fast in color and worth every cent of \$15, made in snappy styles with fancy pockets and cuffs on sleeves, peg top or plain trouser, roll bottom or plain styles for young men; styles for old men and plenty of patterns in the new Greens, Tans, Browns and Greys. Look here; use your judgment in regard to buying. No compulsion.

**\$12**

300 Suits especially bought and especially priced; a leader without a parallel. We have made the price even \$12 for these suits. Other stores who buy in the regular way and lose discounts must sell in the regular way these suits, and the regular price is \$18. Our plan, save every cent in buying and give it to our home people on their purchases is shown to a marked degree in this lot of pure wool, long Australian yarns that you may examine for yourself, in the smart shades of blue and brown with self stripes and checks, cut and made in a faultless manner, as plain or as fancy as you like to fit you. If you are stout, slim or of the regular type, and the price is \$12, whether you buy one or a hundred. It's one of these chances to use your judgment.

**\$15**

Here is where we stand alone. Our \$15 Suits are so different; show such care even to the slightest detail, that no man with judgment can hardly pass them. Some of the greatest tailors in the world have worked on these clothes. The snap, the style, the shape-holding qualities, all appeal in the wearing. We show so many styles, so many different treatments in style designs that it looks hardly unnecessary to go into the finer grades for a suit. Blacks, Blues, Greys, Greens, Tans and Olives in regatta stripes, tiger stripes, zebra stripes, and broken plaids that can't help but appeal to your good judgment. Come see them, and don't buy until you do. Remember every price named here is a special price and our big windows, if you see them, will show you that we mean for you to have the most for your money.

## Narrow Escape From Death.

On Thursday afternoon Mrs. George Snyder, (nee Carolyn Reid) was sitting in her buggy on Howard Avenue. The horse hitched to a post, suddenly broke loose and dashed to Clay street, and as the short turn could not be made, calided with a tree and the rock wall. Enroute, Mrs. Snyder, who could not jump, fainted. When the collision occurred she was thrown against the wall. Her nose was broken in two places and cut, her forehead bruised, upper lip cut inside, one limb cut, and she was otherwise bruised. She was unconscious for some hours. Not until Saturday afternoon could she be taken home. Her wounds have been very painful and she was greatly shocked. Her escape from death was probably due to her fainting. Many friends hope for a speedy recovery.

Sterling, Kentucky, to be sold on the 24th day of December, 1908, at the front door of the City Hall, in the City of Mt. Sterling, Kentucky, at the hour of ten o'clock A. M. to the highest and best bidder at public outcry, and after the advertisement is herein provided.

The Mayor shall accept the highest and best bid made at said sale and report the same to the City Council at its next regular meeting, or meeting called for the purpose of considering the matter of this sale, which bid shall not be for less than one thousand (\$1,000.00) dollars. Two hundred and fifty (\$250.00) dollars shall be put in the Mayor's hands in the form of cash or a certified check, before any bid shall be considered or received. The money shall be returned to all bidders respectively whose bids are not accepted, as soon as the same are rejected. The said City Council reserves the right to accept or reject any or all bids so reported and to direct the further advertisement of this franchise for sale as it may deem advisable until a bid is finally accepted had approved by said Council. When any bid reported by the Mayor is accepted and approved by said Council for the purpose of this franchise hereunder, the sale shall be deemed finally closed and this Ordinance shall then become and be the contract by and between the City of Mt. Sterling, Kentucky, and the purchaser whose bid is so accepted by said Council, and the said purchaser and his assigns shall then hold, own and enjoy the said franchise unto him or his assigns for the said term of twenty years from the date of sale, together with the following privileges:

Provided he executes the bond hereinafter required by section Seven.

Third, The purchaser whose bid is so accepted shall be hereafter referred to as the purchaser and he or his assigns shall have the right hereunder to erect, acquire, construct, install, operate and maintain, during the life of this franchise, a telephone exchange and system to carry on and do a general telephone, toll and exchange business in Mt. Sterling, Kentucky, and shall have the right to erect, maintain and operate the necessary and proper poles, wires, manholes, wires, cables, conduits, guys, braces, and all other necessary and proper appurtenances and equipments appurtenant to use of the same, and with said telephone system, on, over, along, across, under, all the streets, alleys, highways, walls, parks, bridges, squares and other public places in the City of Mt. Sterling, Kentucky, and to make such additions, improvements thereto from time to time as may be necessary or most convenient; it is provided, however, that all such work when done, and when any change is made in any work that has been done, it shall be under the direct and supervision of the Com-

mittee of said Council, as to the fixing of the location of any of such parts of said telephone system; and provided further that the City Council may, upon reasonable notice to the owner or operator, order any reasonable change or modification of any pole or the painting of same, and if such owner or operator fail or refuse to perform the conditions of said notice within a reasonable time, the city may have it done at the expense of said owner or operator.

Fourth, That the owner or operator of said franchise shall, within six months from the date of said sale, begin in good faith to construct a new "FULL METALLIC" telephone system; and the apparatus, instruments, switch-boards, appliances and equipments of said system, shall be of the best, most modern and improved multiple switch-board type, and all switch-boards shall be maintained during the period and existence of this franchise with the best practicable modern equipments, and the telephone service shall be first-class in all respects and continuous and unlimited for twenty-four (24) hours in each day, during the life of said franchise, except interruptions from unavoidable causes; and shall have said telephone system above provided for installed and in operation within eighteen (18) months from the date of sale. Should the owner or operator of said franchise fail to furnish during the period of said franchise first-class telephone service or such as is required under the provisions of this franchise, the City Council may, by appropriate ordinance, take such action as may be necessary to have it done.

Fifth, That the rates to be charged by the owner or operator of such system shall not exceed one and twenty-five one-hundredths (\$1.25) dollars per month for the use of each subscriber in a residence in the City of Mt. Sterling, Kentucky; and for each subscriber in a business house as mercantile establishments, lundries, livery stables, physicians' offices, lawyers' offices, and all other business or professional offices (or places) not exceeding two and twenty-five one hundredths (\$2.25) dollars per month. Sterling, Kentucky, in the sum of Five Thousand (\$5,000.00) Dollars to indemnify said city against any loss or damage which may accrue to said city on account of any negligence or wrongful act or omission of such owner or operator.

And should the said city be sued or any judgments be recovered against the said city for any negligence of the owner or operator of this franchise, either separately or as a joint tortfeasor with such owner or operator, then all such judgments and all the costs, fees and expenses of every kind of defending such suit or suits shall be assumed and paid by such owner or operator, and if not promptly paid when due, or if the city is liable therefor or is required to pay the same or any part thereof, then the said city may recover on this bond all such loss or damage or liability incurred in full, and such bond shall fully and completely indemnify and save harmless the said City from any litigation, loss, judgment, damage, costs, fees or expenses arising or resulting from any negligence of such owner or operator.

Eighth, The Fire Department of the city on the occasion of any fire may at such times use the poles of the owner of this franchise for the support of its ladders and may attach the same or other appliances thereto, but the city shall be liable for any damage done by its Fire Department or members thereof in the exercise of this privilege. And the City may place on the poles of the owner of this franchise the necessary wires and other equipments for a police and fire signal system, but the same shall not be done so as to interfere with the service or business of the owner or operator of this franchise, or his or its use and enjoyment of said poles, and the same shall be done under the supervision of the owner or operator of this franchise.

Ninth, The purchaser or his assigns shall install and maintain free of charge three individual circuit long distance telephones for the City of Mt. And shall install and maintain free of charge a call bell system for the members of the Fire Department of said city not to exceed twenty bells in all, the purchaser herof, or the owner or operator hereunder is not to be held liable for any delay or defect in the operation of this system.

Tenth, This shall not be construed to be an exclusive franchise in any way.

Eleventh, That the owner or operator of said franchise shall connect the lines of its telephone system so far as practicable with any and all lines outside of the city of Mt. Sterling, Ky., in the State of Kentucky on reasonable terms and without discrimination, provided that the owners of such outside lines desiring and applying for such connection, as aforesaid, shall agree, as a condition of such connection, to receive and transmit on like terms all messages in which the owner or operator of the franchise herein granted may be interested. In case there shall be any disagreement between the

owner and the operator of the franchise herein provided for and the owner of such outside telephone line, or lines, as to the terms and conditions upon which such connections shall be made, as to hinder or delay same, then such differences and disagreements shall be promptly submitted to an arbitration committee to be composed of three free-holders and voters of the State of Kentucky, one of whom shall be named by the owner of said franchise, one by the owner of such outside line or lines and the third by the two arbitrators thus selected; and a decision of a majority of said committee as to terms and conditions upon which said connection ought to be made shall be final and conclusive upon all such parties.

Twelfth, This franchise and contract is assignable by the purchaser, but the person, firm or corporation receiving same, if assigned, shall be bound by all its terms and conditions, and be considered and held as if the same had been originally purchased by such assignee, provided, however, that this franchise is not to be assigned to any one who is not responsible and not until such assignee has executed an acceptable bond as required by Section Seven herein.

## Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the liver is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could not find the trouble. I began taking Dr. Miles' Nervine, and I became strong and healthy, and now work with my former vigor. H. C. CUNNINGHAM, 308 Elmworth Ave., Altoona, Pa.

## A PROCLAMATION

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to pass that they know not what to believe.

Inasmuch as this unsatisfactory state of affairs exists, KNOW, THEREFORE, ALL PERSONS who are in need of such a medicine that we will supply them with VINOL on a POSITIVE GUARANTEE that if it does not succeed in benefiting them we will refund the entire amount of money paid us for it.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable, and of great curative value. Such is VINOL; it is not a secret medicine,—just peptonate of iron, wine, and all the curative extractives of cod liver oil, combined. We are familiar with every particle of it, and KNOW that it should benefit every one who uses it.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe will help you, and if it does not we will return your money. Is there anyone foolish enough not to accept this offer? You owe it to your family, to your friends, and yourself to try this medicine which we give you our pledge is a genuine cod liver oil and iron preparation of great merit.

We unhesitatingly recommend Vinol as a Body Builder and Strength Creator for Feeble Old People, Delicate Children, Frail Women, All Run Down Persons, and Those Needing a Good Tonic after the Grippe or any Severe Illness, and for Chronic Coughs, Colds and Bronchitis.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers, if we did not know VINOL to be an honest and unusually valuable remedy for the ill for which it is prescribed? We certainly could not; we therefore ask you, our neighbors, friends and acquaintances to accept our assurance that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in accepting it.

You will absolutely be under no obligation to us whatever, if after you have tried one bottle of VINOL, and have not received any benefit, you have only to tell us so, and we will return the entire amount of money you paid us for it.

VINOL is an old and valuable remedy improved by modern science—tastes good and agrees with every one.

Call and get a bottle today. You won't be sorry. W. S. LLOYD, Druggist, Mt. Sterling, Ky.
